Sep-21	3, 17

You can check what can go in your garden waste bin and the terms and conditions of the chargeable garden waste service at www.n-somerset.gov.uk/gardenwaste.

Home composting is the cheapest and most environmentally friendly way to deal with your garden waste. For more information or to order a discounted 220 litre black compost bin made from 100% recycled plastic for just £10 go to www.n-somerset.gov.uk/composting

COMPOSTING
LET'S GET DOWN TO EARTH

Garden waste is collected once a month during the winter (December, January, February) and fortnightly the rest of the year.
